Engineering design with innovative solutions

ABOUT US

Albrecht Engineering, Inc. is a woman-owned consulting firm founded in 2008 by Rachel Albrecht. We provide engineering design and analysis, construction management and geographic information systems (GIS) services. Our staff can provide excellence in coordination and practical cost effective solutions to even the most difficult environmental challenges. Through applying sustainable design practices, we are able to meet the needs of our society, while encouraging water reuse, energy efficiency, and material recycling.

Albrecht Engineering approaches the complex environmental resources challenges by engaging our multidisciplinary engineering, scientific, and technical capabilities. Our team includes several NASSCO/PACP/MACP certified and LEED professionals. We have a proven track record of completing design projects on time and on budget. We take pride in our successful track record, bringing a combined experience of **ten** years of environmental engineering to **industrial and public projects**.

TYPES OF SERVICES

- ◆ Water Main Design
- ◆ Sewer Main and Manhole Rehabilitation
- ◆ Microsoft Access Database Modeling
- ◆ Hydraulic Modeling
- ◆ Capacity, Management, Operation and Maintenance Manuals
- ◆ Geographic Information Systems (GIS)

TYPICAL PROJECTS

- ◆ Water/Wastewater Rehabilitation
- ◆ Wastewater Treatment Plant Design
- ◆ Water Main Design
- ◆ Wet Weather Projects

CLIENTS

- ◆ Howard County, MD
- ◆ City of Baltimore, MD
- ◆ Baltimore County, MD
